

Company Profile

"Your one point source for all your CAD & CAM related services"

Our Mission

To leverage the India advantage to provide world-class engineering design and other back-office services to our outsourcing clients while improving productivity/quality and driving down costs.

A BRIEF PROFILE

***DATT Consultancy** (referred as DCS) is an India based, offshore drafting company providing value-based solutions in the field of CAD conversions. It is a one-stop solution point for converting handmade technical drawings (Raster to vector, architectural, engineering and structural, etc.) into CAD drawings. We represent the highest quality of service deliverables along with an unmatched cost-advantage for all overseas clients.*

In strategic alliance with leading CAD companies of USA & Europe, we provide innovative design engineering solutions to the Architectural, Manufacturing & Automobile Industries.

DCS has got its strength as a core team of professionals comprising of Mechanical, Civil Engineers and Architects for all the "concept to reality" requirements.

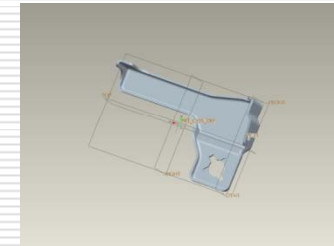

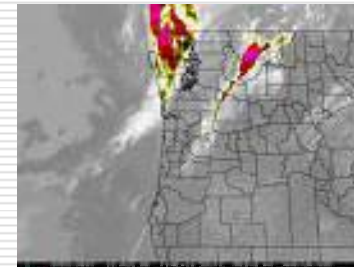

Our core Business Areas

Computer Aided Drafting, Designing & Engineering

- CAD
- CAM
- 2D to 3D Conversion
- Raster to vector Conversion
- Digitization
- Rendered Models
- Walk Through
- Architectural Designs
- 3D Modeling
- Assembly modeling & Interference checking.

Our Strengths

- *Highly Experience Professionals*

- *Team of Thirty Personnel's*

- *Highly Motivated Staff*

DCS Advantages

- *Highly Experience & Skilled Professionals*
- *Dedicated workforce of trained professionals including Engineers and draftsman.*

- *QA- and team Interactions*
- *Free sample work done*
- *180 days of free maintenance for all the drawings converted*
- *Special discount of 5% offered to our new clients on our existing prices.*
- *Efficiency & prompt project delivery*
- *Competitive Rates with 50% cost difference*
- *12 hours forward time zone for our overseas clients*
- *Infrastructure with 24 hours drafting office*
- *24 x 7 technical support services*
- *Global Connectivity*
- *Good Telecommunication facility*
- *Uninterrupted Power Supply*

"Your one point source for all your CAD & CAM related services"

DCS Infrastructure

- *Dedicated IT space with 24x7 facility.*
- *Exclusive Server with daily backup.*
- *Workstations with 100mbps LAN.*
- *512 kbps connectivity to the Internet.*
- *Ftp space dedicated for Clients.*
- *Large format 'E' size Scanner Plotter.*
- *Complete Document management System*

Hi-Tech Software Used

DCS expertise in various tools with its skilled manpower in 2D and 3D designs and drafting, visualization, structural/civil/engineering drafting, 3D modeling and raster to vector conversions.

AutoCAD

AutoDesk Building Systems

AutoDesk Architectural Desktop

Pro/Engineer

AutoDesk Mechanical Desktop

We also have resources for Solidworks, Solidedge, Unigraphics, Catia, etc.

Quality Check

- *Work checked twice to assure 99.996% accuracy*

- *Separate team for quality checks*

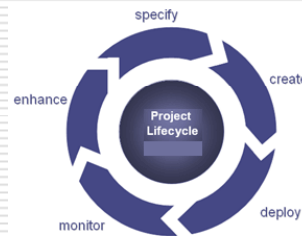

*Client Opinion
Required*

- *Quality related incentive scheme*

Process flow

The process of our conversion services is defining the project in series of levels, which are as follows:

- *Defining the scope of work*
- *Understanding the original documents*
- *Defining the Time frame*
- *Identification of dedicated manpower required*
- *Database maintenance design*
- *Modification process required*
- *Quality control procedure for client and DCS, acceptance criteria*
- *Delivery schedule*

Once the specifications and procedures are agreed upon, the production begins.

Our Vision

To be the leader and preferred outsourcing partner for global customers.
